*To Whom It May Concern:*

*This is to inform anyone that has lived in a place for fifteen years and sought to get out of debt; happens to be selling their home to move to a remote area or could just be needing a shop built. I have to tell you from personal experience that I recommend you call upon Mr. Christopher Brewster and his crew. My husband and I were in the first scenario and living in an RV; Chris and his crew are remarkable. Too many names to mention; however, they know who they are. If there were any problems, Chris made sure they were taken care of. Before they leave your home, it will seem as though they are part of your family. The shop is great and we are currently living in it. On top of that, our shop cost \$20,100.00. The insurance company valued our shop at \$91,000.00. So the proof of the hard work and determination of this crew is in the pudding so to say. Chris and his crew are people that you can trust with your hard earned money....these days, that means a lot. I would like to personally send out a big THANK YOU to Chris and all the guys involved in working so hard to make our shop a success. You all FINALLY got me out of that RV, I will never forget you all. I would also like to invite you to come see us anytime.*

*Sincerely,*

*Jerry & Kelly Alexander*

*P.S. Chris, if you are good with cameras and stuff feel free to come and get the pictures that I took of you guys.*

*P.P.S. Thank you Chris for taking so much pride in your work. That alone is rare these days.*
